SUBJECT

ADULTS
self-esteem and adjustment to university, 590-592
subgroups, severity, 521-528
transition from school to work, 613-620
ASSESSMENT
assisted assessment, 151-165
creativity, 462-464, 451
instructional planning, 51-59
neuropsychological profiles, 635-640
relationship of the Stanford-Binet (4th ed.) and the K-ABC, 260-261
ATTENTION DEFICIT DISORDER
cognitive processing, 573-580
demographic distribution, 258-259
diagnosis, 35-40, 45
parent variables, 573-580
COGNITION
contextual, educational, and biological interaction, 90-99
self-efficacy beliefs, 14-22
sex-related differences, 444-451
COMMUNICATION DISORDERS
prevalence, 60-63
GENERAL EDUCATION INITIATIVE
clarification of issues, 23-25, 45
perceptions of regular classroom teachers, 532-536
school as a culture, 537-540, 560
INTERVENTION
homework, 314-323; 621-623
material modifications, adolescents, 102-107
paragraph writing, 541-543, 553
practice activities, 603-607
semantic-feature analysis, 384-390
study skills, 452-455, 461
LEARNING DISABILITIES
adoption, 325-327
and depression, 230-233, 244
behavioral characteristics, longitudinal, 141-150, 165
cognitive-affective correlates, 46-50, 59

cognitive and behavioral characteristics, concluding comments, special series, 166-168, 175
etiology, theory, 266; 267-273, 277; 274-277; 278-282, 286; 283-286; 287-291, 297; 292-297; 298-300, 327; 301-304, 328; 305-308
hemispheric processing, 391-396, 399; 397-399
identification, 435-438, 443; 608-612, 620
perception of control, 439-443
policy, 482-483
postsecondary programs, 456-457
predictive variables, 588-589
reductionistic vs. holistic principles, 309-313; 403-415; 416-417; 418-419, 421; 420-421; 595-602
relationship to delinquency, 546-553
relationship to suicide, 169-175; 176, 179; 177-179; 180-185; 186-187
role of IQ, 468; 469-478, 486; 484-486; 487-492; 500-503; 504-506, 512; 507-512; 513, 520; 514-518; 519-520
verbal/visual processing, 69-71
visual and auditory coding, 646-651
LOCUS OF CONTROL
LD vs. hyperactivity, 381-383, 399
perceptions of teachers and parents, 255-257
MATHEMATICS
developmental characteristics, 250-254, 259
goals and contingencies, 554-560
METACOGNITION
executive strategy training, 108-119, 130
mediation by IQ, 422-429
MOTIVATION
enhancing exploration, 67-68
relationship to diagnosis, 234-244
PSYCHOSOCIAL
academic competence and social adjustment compared to behavior disorders, 41-45
READING DISABILITY/DYSLEXIA
alphabetic phonetic approach, postsecondary, 430-434
classification, 334-338, 355
classification and cause, introduction to special series, 232-233
comprehension, adolescents, 569-572
cognitive deficits, compared to attention deficit disorder, 3-13, 22
development of decoding strategies, 349-355
gender ratios, 544-545
genetic and environmental influences, 339-348
intervention for subtypes, story grammar, 373-380
neuropathology, 204-216, 220; 217-218; 219-220
phonological coding, 493-497
relationship of language and cognition to comprehension, 131-133
relationship to spelling, 356-365
spoken language skills associated with reading ability, 76-89
variability, causes, 366-369
visual persistence, 641-645
SENSORY INTEGRATION
dysfunction and remediation, 100-101
effectiveness of a therapy program, 221-229
SOCIAL SKILLS
acquisition and generalization, elementary-aged children, 28-34
as a specific learning disability, 120-124
comparison of low achieving and high achieving students, 188-194
conformity to peer pressure, 458-459
role of IQ, 480-481
social competence and behavior of adolescent girls, 460-461
social perception, 245-249, 257
social perception and peer relations, 624-629
VOCATION
adolescents' perceptions, 64-66, 71
vocational education, adolescents, 630-634, 640
WRITTEN EXPRESSION
analysis of, postsecondary, 125-130
analytic vs. synthetic teaching methods, 195-199
comprehension and production of text, postsecondary, 370-372, 390
developmental comparisons, 561-567, 572
use of word processing, 262-264

Thank You!

We would like to thank the following professionals, who in addition to our consulting editors, contributed their time and expertise in reviewing manuscripts during 1989.

Susan Brady
The University of Rhode Island

Tanis Bryan
University of Illinois at Chicago

Philip C. Chinn
California State University at Los Angeles

Linnea C. Ehri
University of California, Davis

Shernaz Garcia
The University of Texas at Austin

Lorna Idol
Center for Reading Improvement

Ruth Luckasson
The University of New Mexico

Lynda Miller
The University of Texas at Austin

Alba Ortiz
The University of Texas at Austin

Annemarie Palincsar
Michigan State University

Ruth Pearl
University of Illinois at Chicago

Nils Pearson
PRO-ED, Inc.
Austin, TX

Caroline N. Preston
Medical University of South Carolina

Cathy F. Telzrow
Cayahoga Special Education Service Center
Cleveland, OH

Statement of Ownership, Management and Circulation
Required by 39 U.S.C. 3685

Title of Publication — Journal of Learning Disabilities
Date of filing — October 1, 1989
Frequency of issue — Monthly (except June/July and August/September, which are combined)
Location of known office of publication (street, city, county, state, ZIP code)—PRO-ED, 8700 Shoal Creek Blvd., Austin, TX 78758-6897.
Location of the headquarters of general business office of the publishers (not printers)—PRO-ED, 8700 Shoal Creek Blvd., Austin, TX 78758-6897.
Name and addresses of publisher. Publisher, Donald D. Hammill, PRO-ED, 8700 Shoal Creek Blvd., Austin, TX 78758-6897. Editor, J. Lee Wiederholt, Department of Special Education, University of Texas at Austin, Austin, TX 78712-1290. Managing Editor, Judith K. Voress, Department of Special Education, University of Texas at Austin, Austin, TX 78712-1290.
Owner, if owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names must be given. If owned by a partnership or other unincorporated firm, its name and address as well as that of each individual must be given.—Donald D. Hammill Foundation, 8700 Shoal Creek Blvd., Austin, TX 78758-6897.
Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities (if there are none, so state)—None.
Extent and nature of circulation:

A) Total no. copies printed (Net press run): Average no. copies each issue during preceding 12 months: 10,943. Actual no. copies of single issue published nearest to filing date: 10,840.
B) Paid circulation. 1. Sales through dealers and street vendors and counter sales: none. 2. Mail subscriptions: Average no. copies each issue during preceding 12 months: 9,804. Actual no. of single issue published nearest to filing date: 9,576.
C) Total paid circulation: Average no. copies each issue during preceding 12 months: 9,857. Actual no. of copies of single issue published nearest to filing date: 9,576.
D) Free distribution (including samples) by mail, carrier or other means: 299. Average no. copies each issue during preceding 12 months: 256.
E) Total distribution (sum of C and D): Average no. copies each issue during preceding 12 months: 10,156. Actual no. of copies of single issue published nearest to filing date: 9,832.
F) Office use, left-over, unaccounted, spoiled after printing. Average no. copies each issue during preceding 12 months: 787. Actual no. of copies of single issue published nearest to filing date: 1,008.
G) Total sum of E and F—should equal net press run (shown A): Average no. copies each issue during preceding 12 months: 10,943. Actual no. of copies of single issue published nearest to filing date: 10,840.

I certify that the statements made by me above are correct and complete.

Judith K. Voress
Managing Editor
